

## Product Change Notice

([PC-WRP-A001C/E])

[2018/01/23]

**To:** Our Valued Customer

**Renesas Product** A review of our shipment records to your company indicates that the attached list of products is affected  
**Summary:** by this notification.

**Change Description:** **Unification of a JEDEC tray and a embossed carrier tape for LQFP package**  
**(Additional Information & Correction)**

**Reason for Change:** It is notified in July 2016 that a standardization of JEDEC trays and carrier tapes activity has been  
 (Supplemental information) started. We would like to inform supplement information as follows.  
 (1) Update description of top seating position for the emboss carrier tape. (See 1-1)  
 (2) Heat proof temperature marking (135°C MAX) on the tray end tab. (See 1-2)  
 (3) Update applicable products list since last notice. (See Add PN'S on Appendix)  
 (4) Correction of change items on some of the applicable products list.  
 (See Correction of PCN classification on Appendix)

**Subject products name** Please refer to an additional product name and noticed product name on subject products list.  
 "Add PNs Appendix "section" No. : It is the list adding subject products name.  
 "Correction of PCN classification Appendix "section" No. : It is the list correcting change items on the  
**Contents of change:** subject products list.  
 "No change Appendix "section" No.": It is the list without change from last notice.

No.	Change Item	Comments
1	Spec of emboss carrier tape	Unification of emboss carrier tape specification.
2	JEDEC tray for LQFP Package	Unification of tray specification (Heat Proof Temp. marking on tray end tab)
3	Products storing order in tray	Unification of products storing order in tray.
4	Numbers of strapping bands for tray	Unification of three strapping bands for JEDEC tray..

**Anticipated Impact**

**Date of Change:** There is no impact on quality of packing materials by this change.

**Schedule** It has applied from factory shipping products in April 2017 in sequence. The products using old and new packing may be delivered for a while, because of transition timing or inventory in delivery channel.

**Supplemental Information:** The document shall be a support document for the delivery specification & supplements for all products related to the standardization.

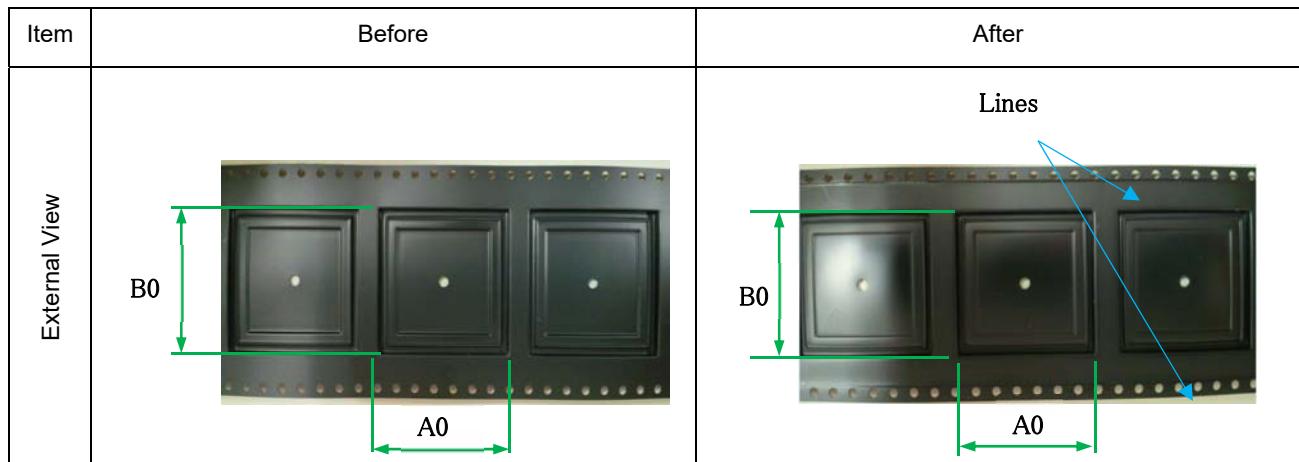

Please contact our sales office for re-issuing the delivery specification if desired.

**Contact:** In case of any questions about this supplemental information notice, please contact our sales contacts or distributor

## 1. Details of Change

[1-1] Change the specification of the carrier tape.

The pocket dimension of designated products shall be changed as such; however, there is no change to a stored quantity, a tape width, and a pocket pitch. The additional information is written in a red letter.

## [1-2] Unification of the JEDEC Tray for LQFP Package.

The products shipped by an old model tray shall be changed to a new model tray. A JEDEC specified size (External size, Pocket Pitch, etc.) shall not be changed by this unification, **but following items are subject to change.**

- (1) Tray model and name are unified.
- (2) The pocket depth may be differed between old and new trays. (See following table)
- (3) The maximum heat proof temperature indication on the tray shall be conformed to the JEDEC specification. It is not changed to heat characteristics, resin, and manufacture method of trays.

Even if the tray model name are same, the details of design may be different such as pocket hole, rib, frame, and recycle mark.
